

Cancer Caregivers

by OSARA HEAL+H

Supporting them starts with supporting you

Osara Health empowers people impacted by cancer to thrive using expertise, empathy and technology.

To us, empathy isn't just a buzzword. Work with experts who understand and will empower you to care for yourself, whilst being there for someone else.

Cancer caregivers can access:

A health coach

One-on-one support and personalised education from a trained professional. Your coach will empower you to take action and make decisions that improve your health while guiding you every step of the way.

Evidence-based resources & exercises

With reliable, relevant resources readily available, you can research everything from 'living with uncertainty,' to 'managing relationships.' All content is developed by experts who empathise.

Support when you need it

An accessible expert and community that's in your corner and in your pocket via the Osara Health smartphone app.

Benefits

Additional Support

One on one sessions with a dedicated health coach to talk things through with.

Better conversations with medical professionals

Resources to support you and help make positive behaviour change.

Purposeful and manageable goal setting

Evidence based cancer care management strategies such as symptom tracking, sleep, diet and general wellbeing advice on mindfulness and exercise.

Strengthen habits

Access to the Osara Health app to track your symptoms and join a community where you learn from others experiences.

Take back control

If and when applicable, further support on employment planning and resetting your relationship with work.

Osara for Cancer Caregivers Program: FAQs

- **Who are the Osara Health Coaches?**
 - Osara Health Coaches are healthcare professionals who have had experience providing care to patients with cancer. Your Osara Health Coach will support you to create a personal care plan and help you make more educated decisions about your wellbeing.
 - The Health Coach is not a replacement for the medical care team and will not provide any advice on diagnosis, prevention, monitoring, treatment or improvement of your or your loved one's clinical condition.
- **What is the time commitment as a participant?**
 - The program typically runs for 6-12 weeks, although this is entirely flexible depending on the participant. On average people spend about 30 minutes each week reading and implementing what they've learned.
- **Do my interactions get shared with my employer?**
 - Osara Health will hold your information, in line with their privacy policy. Your participation in this program including Health Coach calls is entirely confidential.
 - All information is encrypted at rest and in-transit, and no information is shared with the employer without participants' permission
- **Who is it designed for?**
 - The program has been designed for anyone caring for someone with a cancer diagnosis. Once you're on board, our coaches will personalise the program for you, your goals and your needs.
- **Do I have to be tech-savvy?**
 - Not at all, our aim is to make access to the Osara program as easy as possible. If you have access to phone calls and an email address, we can deliver the program.
